

THE KILLAM FELLOWSHIPS PROGRAM

INSTRUCTIONS

FOR CANADIAN UNDERGRADUATE APPLICANTS
TO STUDY IN THE UNITED STATES DURING THE 2015/16 ACADEMIC YEAR
PLEASE READ THE INSTRUCTIONS CAREFULLY BEFORE COMPLETING THIS APPLICATION

Introduction to the Killam Fellowships Program

The Killam Fellowships Program provides opportunities for exceptional undergraduate students from universities in Canada and the United States to study in the neighbouring country for either one semester or a full academic year. Established in 2002 through a partnership between the Foundation for Educational Exchange between Canada and the United States of America (Foundation) and the American Killam Trusts, the goal of the program is to increase mutual understanding between Canada and the United States of America through a program of residential exchange. The program is open to all undergraduate students in good standing at four-year degree-granting institutions throughout Canada and the United States. Successful candidates will be full-time undergraduate students for the year they take up the award.

Students can apply either to the open competition program (self-placed) or the direct exchange program (partner institutions). **Please note that this application is suitable for either or both programs.** Undergraduate students in all fields of study are encouraged to apply.

Open Competition Program: Killam Fellows who participate in the open competition (self-placed program) will enroll as a fee-paying visiting student at their host institution. The applicant is entirely responsible to apply for admission to any of his/her chosen institutions. However, they may choose to apply for an existing exchange program through their home institution, and consequently, attend the host institution as an exchange student.

Direct Exchange Program: Killam Fellows who participate in the direct exchange program (partner institutions) will register at their home institution and attend the host institution as an exchange student and, during the course of their fellowship, will continue to pay tuition and fees to their home institution.

Award Provisions

All Killam Fellows (open competition and direct exchange programs) receive a cash award of US\$10,000 for a full academic year or US\$5,000 for one semester. They also receive a US\$500 allowance to offset the cost of health insurance. The fellowship includes a number of enrichment opportunities covered by the Killam Mobility Program, including the Fall Orientation, a Cultural Awareness Grant, and the Spring Seminar. Recipients are expected to use the award to cover costs associated with their education.

Please note that all Killam Fellowships are subject to Revenue Canada and Internal Revenue Service regulations.

Eligibility Requirements

In order to be considered for a Killam Fellowship to study in the United States, students must meet the following requirements at the time of application. The student must be:

- a Canadian citizen,
- a currently enrolled full-time undergraduate student (BA, BSc or BAH [professional degrees are normally not eligible]) in good standing at a Canadian degree-granting institution,
- expected to be enrolled as a full-time undergraduate student in good standing during the 2015-2016 academic year, should he/she be selected for an award,
- expected to receive an undergraduate degree in the Spring of 2016 or beyond,
- meet the eligibility requirements and regulations of the home university,
- proficient in English,
- in possession of a superior academic record, and
- able to complete all steps of the application process prior to the published deadlines.

Please note that candidates of the direct exchange program must be nominated by their home university.

Application Process

Students applying from a partner institution for a direct exchange program opportunity, or for an open competition program opportunity, must submit their application to the appropriate office at their home institution by the deadline established by the home institution. The partner institution reserves the right to vet the submitted applications and select up to six semester of nominees (1 academic year = 2 semesters) and forward them to the Foundation for further consideration. They may, as well, submit as many applications as they deem appropriate to the open competition.

Students applying for a self-placed opportunity in the open competition must inform the appropriate office at their home institution of their intention to study abroad in the upcoming academic year and may submit their application either through their home institution or directly to the Foundation. The applicant is entirely responsible to apply for admission to any of his/her chosen institutions. However, they may choose to apply for an existing exchange program through their home institution, and consequently, attend the host institution as an exchange student.

The Foundation encourages all students to work closely with their study abroad office (or equivalent).

All applications forwarded to the Foundation will be evaluated by the Killam Fellowships Adjudication Committee. This independent selection committee will review each application based on the applicant's academic record, the personal statement, the letters of reference, and the overall fit to program. Applicants will be notified of their status in April.

For the direct exchange program, the Foundation will make every effort to secure an appropriate placement.

Students attending a partner institution may also apply to the open competition program and apply for admission to any of his/her chosen non-partner American institutions. Students attending a partner institution may choose to apply for a Killam Fellowship and, at the same time, for an existing exchange program (i.e. NSE) through their home institution, and consequently, attend the host institution as an exchange student.
