

THE KILLAM FELLOWSHIPS PROGRAM
APPLICATION INSTRUCTIONS
FOR CANADIAN UNDERGRADUATE STUDENTS
TO STUDY IN THE UNITED STATES DURING THE 2013/14 ACADEMIC YEAR
PLEASE READ THE INSTRUCTIONS CAREFULLY BEFORE COMPLETING THIS APPLICATION

Introduction to the Killam Fellowships Program

The Killam Fellowships Program provides opportunities for exceptional undergraduate students from universities in Canada and the United States to study in the neighbouring country for either one semester or a full academic year. Established in 2002 through a partnership between the Foundation for Educational Exchange between Canada and the United States of America (Foundation) and the American Killam Trusts, the goal of the program is to increase mutual understanding between Canada and the United States of America through a program of residential exchange. After a very successful five-year pilot phase, the program is now open to all undergraduate students in good standing at four-year degree-granting institutions throughout Canada and the United States. Successful candidates will be full time undergraduate students for the year they take up the award.

Students can apply either to the direct exchange program (partner institutions) or the open competition program (self-placed). **Please note that this application is suitable for either or both programs.** Undergraduate students in all fields of study are encouraged to apply.

Direct Exchange Program: Killam Fellows who participate in the direct exchange program (partner institutions) will register at their home institution and attend the host institution as an exchange student and, during the course of their fellowship, will continue to pay tuition and fees to their home institution.

Open Competition Program: Killam Fellows who participate in the open competition (self-placed program) will enroll as a fee-paying visiting student at their host institution. The applicant is entirely responsible to apply for admission to any of his/her chosen institutions. However, they may choose to apply for an existing exchange program through their home institution, and consequently, attend the host institution as an exchange student.

Award Provisions

All Killam Fellows (direct exchange program and open competition) receive a cash award of US\$10,000 for a full academic year or US\$5,000 for one semester. They also receive a US\$500 allowance to offset the cost of health insurance. The fellowship includes a number of enrichment opportunities covered by the Killam Mobility Program, including the Fall Orientation, a Cultural Awareness Grant, and the Spring Seminar. Recipients are expected to use the award to cover costs associated with their education.

Please note that all Killam Fellowships are subject to Revenue Canada and Internal Revenue Service regulations.

Eligibility Requirements

In order to be considered for a Killam Fellowship to study in the United States, students must meet the following requirements at the time of application. The student must be:

- a Canadian citizen,
- a full-time undergraduate student in good standing at a Canadian degree-granting institution,
- expected to receive an undergraduate degree in the Spring of 2014 or beyond,
- meet the eligibility requirements and regulations of the home university,
- proficient in English,
- in possession of a superior academic record, and
- able to complete all steps of the application process prior to the published deadlines.

Please note that candidates of the direct exchange program must be nominated by their home university.

Application Process

Students applying from a partner institution for a direct exchange opportunity must submit their application to the appropriate office at their home institution by the deadline established by the home institution. Students applying for a self-placed opportunity in the open competition must inform the appropriate office at their home institution of their intention to study abroad in the upcoming academic year and may submit their application either through their home institution or directly to the Foundation. The applicant is entirely responsible to apply for admission to any of his/her chosen institutions. The Foundation encourages all students to work closely with their study abroad office (or equivalent).

Each participating partner institution will select up to six semesters of nominees (1 academic year = 2 semesters) from the applicant pool for a direct exchange opportunity and forward them to the Foundation for further consideration. They may, as well, submit as many applications as they deem appropriate to the open competition. All applications will be evaluated by the Killam Fellowships Adjudication Committee. This independent selection committee will review each application based on the applicant's academic record, the personal statement, the letters of reference, and the overall fit to program. Applicants will be notified of their status in April.

Application Instructions

1. All forms in this application are to be completed in English and should be entered in a font not smaller than 10 point.
2. Every question must be answered completely and carefully. Incomplete applications will not be considered.
3. Please limit your responses to the space provided and submit only the items requested. Unsolicited materials will not be included in the review process.
4. Do not put material in a binder or folder. Use 8 ½" x 11" white paper for all attachments to the application form.
5. Please provide a narrative statement explaining why you want to study in the United States as a Killam Fellow. Limit your Personal Statement to one (1) single spaced page maximum, and in a 12 point font with 1 inch margins. Your Personal Statement should not be a mere listing of facts, nor should it repeat the content of your C.V. Please discuss what you hope to accomplish during your semester or year in the United States and how the experience fits with your current interests and future goals. Given that the Killam Fellowships Program seeks to further mutual understanding between Canada and the United States, please highlight any experiences that demonstrate your ability to adapt to other cultural settings, a willingness to share with or learn from others of different national identities, and your ability to serve as an ambassador for Canada.
6. Please provide a three (3) page maximum curriculum vitae/résumé, in a 12 point font with 1 inch margins. Your CV should be in a clear and concise format (not in paragraphs), and should provide details, among other things, pertaining to your education, work and volunteer experience, scholarships, awards and achievements, interests and languages.
7. Please provide a course selection for each institution for which you want to be considered, approved and signed by a student academic advisor at your home university. Please note that you must select undergraduate classes. Also, please be informed that some institutions may not provide classes in many of their specialized programs.
8. Students applying only for an open competition opportunity must provide confidential reference forms (accompanying letters are optional) in sealed envelopes with the signature of the referee on the seal. At least one reference should be from a current or recent university professor.
9. Students applying for a direct exchange opportunity will provide the confidential reference forms (and letters if included) as instructed by the Killam Fellowships advisor at the home institution. At least one reference should be from a current or recent university professor. If students participating in the Direct Exchange Program provide confidential reference forms (and letters if included) in sealed envelopes with the signature of the referee on the seal, the home institution selection committee may, of course, open the envelopes when evaluating the application.
10. Students applying for an open competition opportunity must provide official transcripts in sealed envelopes. Students applying for a direct exchange opportunity will provide official transcripts as instructed by the home institution. If students participating in the Direct Exchange Program provide official transcripts in sealed envelopes, the home institution selection committee may, of course, open the envelopes when evaluating the application.

Students applying to the open competition should submit their application packages to the Foundation.

Students applying to the direct exchange program should submit their complete application packages to the appropriate office at their home institution by the deadline set by their home institution. The home institution will then forward selected applications to the Foundation.

Please see the list on the following page for information on whom to contact about deadlines and where to submit the application package.

Application Components

A complete application consists of these components, in the following order:

- a completed cover sheet and checklist,
- a completed, signed and dated Killam Fellowships Program application form,
- a personal statement (one (1) single-spaced page **maximum**),
- a clear and concise curriculum vitae/résumé (three (3) pages **maximum**),
- a course selection for each institution for which you want to be considered, approved and signed by a student academic advisor at your home university,
- **two** reference forms in sealed envelopes with the signature of the referees on the seals. At least one reference should be from a professor familiar with the student's work (*see application instructions above for more details*),
- an official university transcript in a sealed envelope (*see application instructions above for more details*),
- a photocopy of your passport (preferable), birth certificate, or other documentation that verifies citizenship,
- a report on English language proficiency, if your first language is not English and you are not currently studying at an English-language institution.

Please note that candidates may also be asked to submit a TOEFL score.

Selecting a Host Institution

Applicants are responsible for ensuring that their home institution approves the programs of study at their proposed host institutions and that these programs meet all of the requirements of the home institution.

The Foundation will make every effort to secure an appropriate placement. Students are matched with institutions according to very specific guidelines: each institution will typically host two Killam Fellows in a given academic year; and up to four semesters of direct exchange awards from the same home institution can be made in a given academic year.
